Edition No. 203

Presidents Notes

Congratulations to David Saunders on organising a most successful and exciting night at the nation's biggest Scalextric stadium in Studley of all places. It was an evening of enormous fun that was enjoyed by everyone. There was a good turnout by members with many guests. The key to the night seemed to be governed by whichever car you happened to be controlling at the time, the fastest of which was undoubtedly the yellow one. Needless to say, yours truly managed to turn in the night's slowest performance on the yellow one, even some of the girls managed to beat me to my eternal shame. David S and Neil managed to finish in the top 3, receiving their medals from Pat Till. Well done to them.

Well done to Alan King for the Bus Trip. The villages chosen for the walkabout were all beautiful and the timing schedule was perfect. I have had to make changes to the Pub walk scheduled for 5th September. The pub I was intending to use is boarded up at the moment, and therefore the new venue will be at the Eagle and Sun pub at Hanbury Wharf on the B4090 Alcester to Droitwich road. Details of the walk to follow later.

I'm reliably informed by 'her ladyship', that the Inner Wheel lunch was a great success. The weather was indeed ideal, the food cooked to perfection and the wine was flowing well, not to mention the cascading tower of liquid chocolate, and I'm sure an that excellent time was enjoyed by all. The day raised something in the region of £500 for Inner Wheel charities. Well done to all of them. Please note there have been a few changes to the Club Programme which are detailed below:

Club Programme to December

Aug 22nd	D.G's visit
Aug 29th	No Meeting. Bank Holiday
Sept. 5th	Pub Walk
Sept 12th	Boules with N.Worcester club

Dec 5th	Special AGM
Dec 11th	Christmas Party with wives
Dec 19th	J Scott to arrange
Dec 26th	No Meeting
Dec 29th	Presidents Bash

Conductors Notes

The Bus tour of the Worcestershire villages last Tuesday evening took in Abbots Morton, Rous Lench, Church Lench, Sherriffs Lench, Fladbury and Crophorne. Viv Wall gave a most interesting talk about Rouse Lench when we stopped there briefly. Members and guests were given the opportunity to leave the bus and walk through several villages and fortunately the evening weather helped the success of the function.

Organiser "Bus Conductor" Alan King, wishes to thank everyone who came up to him during the buffet to express their appreciation of the event and also the members who sent their appreciation by E-mail and telephone afterwards. Alan wishes to apologise for the late departure from the Moat House due entirely to waiting for two couples who had booked in but failed to apologise or turn up, he has insisted upon covering the financial implications of this personally but points out that any such similar function in future would have to be pre-paid.

Meal apologies:

Apologies for Tuesday 22nd. to Alan King on 01386 792437 as usual but all subsequent apologies to David Saunders on 01527 854466 who has kindly agreed to take them until Tuesday 10th October when Alan returns.

David and Judi would like to thank all members of Rotary for their messages of sympathy following the death of Harold, David's Dad after a short illness. Your kind words and cards have been very comforting.
