

Kingfisher Chronicle - 2006-2007

September 2006

Edition No. 204

Presidents Notes

This week it's the pub walk. Instructions on the route were circulated at the last meeting. In case you have lost them we start at around 7pm from the Eagle and Sun at Hanbury Wharf (Droitwich to Feckenham Road). The walk is a circular one and afterwards we will eat at the pub. No food has been booked but the pub is well known for its carvery and other foods. The beer is not bad either. Feel free to bring along children, grand children, friends and neighbours.

Group Study Exchange

The GSE Team from District 6950 West Coast of Florida arrive for their 4 week visit to District 1060 on the 7th October. They will spend the first night at the Holiday Inn Stratford upon Avon **where the welcome lunch will be held on Sunday 8th October at 12.30 for 13.00.** This will be followed by a formal welcome by the District Governor and short introductions of the team in a private room together with an opportunity to talk to the Team members. Parking at the Hotel is £4 although there is a Public Car park over the road. The cost of the 3 course Carvery lunch, plus tea/coffee, to be taken in the Restaurant, will be £13 which is very good value. The event should finish no later than 16.00 hours.

Places must be pre-booked, anyone wishing to go should let Don Raines have their cheque made payable to 'The Rotary Club of Henley in Arden' I will attach it to the Booking form which must be returned before the 30th September. The earlier you decide the more chance you have in securing a place.

If anyone wishes to visit a club where the Team are scheduled to speak I have details of their engagements for October/November.

Don Raines

International Report:

I have received the following update from Sunshine Project International regarding Amal (the little girl we are sponsoring in Luxor). "Amal has gained quite a lot of weight since we last communicated and has no recurring problems with her slight heart defect. Following a couple of ear infections it has been discovered

that she has a slight hole in one of her ears and it must be kept dry during bathtimes. It does not appear to have affected her hearing but this needs to be checked once the infection has cleared. In all other respects she is a happy and healthy girl She has a habit of screwing up her face and throwing back her head to be tickled under the chin. This could go on all day if we let it. She has recently moved to the large play area and gets around using furniture as support. She is still toothless and with only a sparse covering of hair but is still beautiful"

David Brittain

Club Programme to December

Sept. 5 th	Pub Walk
Sept 12 th	Boules with N.Worcester club
Sept 19 th	District Quiz
Sept 26 th	Alan Corbett's speaker

Duties this Week

No duties this week.

Raffle

The editor won the raffle a bottle of French wine. This was very welcome to take with him on his trip to France to purchase the red stuff in larger quantities.

All contributions to this newsletter welcome by email to J.lscott@btopenworld.com or even snailmail will do.
